

**CALIFORNIA SQUARE DANCE COUNCIL, INC. YOUTH ADVISORY COMMITTEE
YOUTH DANCER INFORMATION FORM**

Dear Youth Dancers and Parents of Youth Dancers:

The California Square Dance Council, Inc., through its Youth Advisory Committee, is collecting information on youth dancers throughout the state in an effort to better meet their special needs and interests. The Youth Advisory Committee has set up a special page on the Council's website (www.squaredance.org) dedicated specifically to youth dancers; plus, we will be preparing and distributing, via Email and/or U.S. mail, a quarterly newsletter telling about youth activities throughout the state and providing information on youth activities scheduled for the annual California State Square Dance Convention. In addition, we will share information about our California Youth Square Dance Competition, held annually in conjunction with the State Square Dance Convention. We have also set up an e-mail network between the youth dancers to help them keep up with their new friends. Please help us reach you better by providing your name, address and Email address so we can get the information directly to you. (Parents -- please be assured we will ONLY be distributing information relating to square dancing, and we are happy to have you pre-screen what we send.)
